01 — THE OPPORTUNITY

A Rare Estate in the Heart of Milton

15152 Hopewell Road is not a home that comes around twice. Situated on a 2.03-acre estate parcel in one of the most coveted corridors of City of Milton, Georgia, this is a fully permitted, fully engineered, architect-designed custom residence and is currently rising from the ground and on schedule for delivery in May 2027.

Designed by Goodman Design, Inc. of Alpharetta and built by Trio Luxury Homes, this project combines the scale, proportions, and material quality of Milton's finest estates with a floor plan that has been thoughtfully organized for the way modern luxury families actually live. Every system, every detail, and every finish has been selected to deliver a home that performs as beautifully as it photographs.

Purchasing now, before completion, gives the buyer an opportunity to make key interior selections while enjoying the confidence of a fully permitted, fully engineered project backed by a builder with a track record in Milton's luxury market.

"Architecture of enduring beauty. Modern livability. Meticulous craftsmanship."

02 — PROPERTY & SITE

Dog Trot Farms — Lot 1

The site occupies Lot 1 of Dog Trot Farms, a premier address within Land Lot 534 of Fulton County's 2nd District in the City of Milton. The 2.03-acre parcel offers gentle topography, a mature hardwood tree canopy, and a commanding presence on Hopewell Road, one of Milton's most architecturally significant residential streets.

The civil engineering, stormwater management, and site plan have been fully permitted by the City of Milton, reviewed and approved across all departments: Arborist, Building, Site, Architecture, Planning & Zoning, and Transportation. All approvals are in hand.

Site Data

Address	15152 Hopewell Road, Milton, GA 30004
Parcel	Lot 1 - Dog Trot Farms, Land Lot 534, 2nd District, Fulton County
Lot Size	2.038 Acres (88,796 SF)

Site Improvements & Infrastructure

- Full civil stormwater management plan designed and approved
- Tree protection and erosion control measures per approved plan
- Compacted stone construction access drive
- Auto court with paver detail serving main entry and 4-car garage
- Rear concrete patio and covered outdoor living area
- Front yard sod, shrubs, and landscape foundation plantings
- Irrigation system for front and rear zones

03 — DESIGN VISION

Architecture That Commands Attention

Designed by Goodman Design, Inc. (a practice known for architecture that balances civic presence with residential warmth) 15152 Hopewell Road draws from the English Country and transitional estate traditions that have defined Milton's architectural identity. The result is a home of lasting relevance: neither trend-driven nor timid.

The front elevation presents a powerful three-story composition with steeply pitched rooflines, a commanding chimney mass, and a rhythm of oversized windows that fills the interior with natural light while presenting an unforgettable street presence. The brick veneer base anchors the home to its land. The painted siding and painted trim above convey a refined lightness, a contrast that reads as both traditional and current.

At the rear, the architecture opens to the outdoors through an expansive covered patio, glass slider systems, and a pool deck designed for effortless indoor-outdoor living. The hallmark of a truly complete Milton estate.

Architectural Highlights

- Three-story English Country / transitional estate composition
- Steeply pitched dimensional shingle rooflines with multiple dormer conditions
- Brick veneer base - full perimeter with painted siding upper elevations
- Painted wood brackets and decorative details at key exterior moments
- Oversized window systems with simulated divided light for authentic character
- Covered front stoop with coffered ceiling detail
- Master balcony off primary suite - views over the rear grounds
- Roof balcony element - architectural focal point at upper level
- Pool and spa court designed into the site at rear of home
- Detached two-car garage for a total of four-car garage

"The architecture reads as estate — proportioned for this land, built to endure."

04 — AREA SUMMARY

9,758 Square Feet of Purposefully Designed Living

The home is organized across three principal levels: Basement, Main, and Upper with a guest suite, home gym, family room, and unfinished storage in the lower level, and primary living and entertaining spaces on the main floor. The upper level delivers four additional bedrooms, each generously proportioned with private baths and walk-in closets.

Basement Level (Finished)	1,640 SF
Main Level	4,449 SF
Upper Level	2,714 SF
Total Living Area (Under Roof)	8,803 SF
Garage A (Attached — 2-Car)	673 SF
Garage B (Detached — 2-Car, Permitted Separately)	673 SF
Mechanical / Storage	274 SF
Guest Suite	955 SF
Main Level Patio	715 SF
Roof Balcony	310 SF
Grand Total (All Structures)	9,758 SF

05 — FLOOR PLAN DETAIL

Basement Level — 1,640 SF

The basement level is designed as a fully livable, self-contained wing, not an afterthought. Organized around a home gym and a family / recreation room with full-wall glass slider access, this level offers daylight and direct exterior access that makes it feel connected to the home above.

Basement Level – Room Summary

- Home Gym - dedicated fitness space with natural light
- Family Room - open great room with glass slider to grade / patio above
- Bath - full bathroom serving lower level
- Storage Room - accessible interior storage
- Mechanical Room / Unfinished Storage - systems core and additional storage
- Stair Hall - open to main level above
- Crawl Space - encapsulated crawl space serving non-basement footprint
- Patio Above - compacted rear patio at grade level visible from basement

Ceiling heights are 10' on each level (Basement, Main, Upper Level). The family room features a 12080 glass slider system providing connection to the rear outdoors. Concrete floors at mechanical; engineered hardwood in living areas.

05 (CONT.) — FLOOR PLAN DETAIL

Main Level — 4,449 SF

The main level is the social and functional heart of the home. Organized with a central Great Room that opens through glass slider systems to the rear patio and pool court, the floor plan flows naturally from grand formal spaces to relaxed everyday living — all on a single level. The primary suite anchors the west wing, delivering true estate-caliber privacy and luxury.

Main Level — Room Summary

- Main Entry / Grand Foyer — covered front stoop entry with coffered ceiling
- Great Room — open living space with 10' ceilings, gas fireplace, and slider access to rear
- Dining Room — formal dining with custom wall detailing
- Kitchen — chef's kitchen with large island, 48" range, full appliance package
- Scullery / Butler's Pantry — prep kitchen, secondary appliances, storage
- Primary / Master Suite — main level primary; private with direct patio access
- Master Bath — freestanding tub, tiled walk-in shower, frameless glass
- Master Dressing Room — custom built-in closet system
- Guest Bedroom — main level guest suite with private bath
- Guest Bath — full tiled bath
- Pool Bath — direct exterior access serving pool court
- Mudroom — with built-in bench, cabinetry, and garage access
- Office / Powder Room — flex study with dedicated half bath
- Covered Stoop — front entry with tiled floor
- Garage A — attached two-car garage with EV charging
- Master Balcony — private outdoor balcony off primary suite

The auto court entry sequence provides a arrival experience appropriate to the home's scale — arriving guests pass through a motor court to reach the covered front stoop. The pool court is accessible directly from the great room slider, the pool bath, and the patio, creating seamless outdoor living.

05 (CONT.) — FLOOR PLAN DETAIL

Upper Level — 2,714 SF

The upper level is organized as a private retreat for family and guests — four generously scaled bedrooms, a junior primary suite with en-suite bath and dressing room, and three additional bedrooms each with private baths and walk-in closets. An open office loft and a laundry room complete the level.

Upper Level — Room Summary

- Junior / Master Bedroom (Upper Primary) — vaulted ceiling, private bath, dressing room
- Junior Master Bath — tiled shower, frameless glass, elevated finishes
- Dressing Room — built-in closet system
- Bedroom No. 4 — private en-suite bath, walk-in closet
- Bath No. 4 — full tiled shower
- Dressing Room No. 4
- Bedroom No. 5 — private en-suite bath, walk-in closet
- Bath No. 5 — full tiled shower
- Dressing Room No. 6 (serving Bedroom 5)
- Bedroom No. 6 — private en-suite bath, walk-in closet
- Bath No. 6 — full tiled shower
- Open Office / Loft — flexible workspace open to stair hall below
- Laundry Room — full laundry with utility sink
- Guest Suite (detached) — 955 SF separate guest structure
- Roof Balcony — 310 SF architectural balcony element

The upper level is served by a main stair from the entry hall and a secondary stair connecting to the upper level laundry and bedroom wing. Elevator shaft framed for future installation.

06 — EXTERIOR FEATURES

A Home Built to Be Seen — And to Last

Every material selection on the exterior of 15152 Hopewell Road was made with durability, architectural authenticity, and long-term value in mind. The exterior envelope is engineered to perform through Georgia's climate cycles while maintaining the refined character of a true estate home.

Structure & Envelope

- Brick veneer base - full perimeter lower elevation (painted brick accent details)
- Painted siding on upper elevations - cement-fiber or equivalent high-performance siding
- Engineered framing system using LVL beams and engineered lumber throughout
- I-joist floor systems - main and upper levels
- House wrap exterior moisture management system
- Spray foam insulation in attic - superior thermal performance
- Batt insulation in exterior walls
- Dimensional shingle roofing - architectural grade

Windows & Doors

- Insulated, glazed window system: tempered glass, argon gas, low-E coating
- Simulated divided light (SDL) window detailing for front and side elevations
- 16ft x 10ft glass sliding door: great room to rear patio
- 12ft x 8ft glass sliding door: basement family room to grade
- 12ft x 8ft glass sliding door: master bedroom to patio
- Front entry door: 6ft x 10ft pre-finished metal, panel detail with windows on each side
- French doors and glass slider systems at multiple interior/exterior transitions
- Garage windows: pre-finished, SDL detail
- WiFi-enabled garage door openers, all bays

Outdoor Living & Landscaping

- Rear concrete patio: approximately 715 SF main level patio
- Pool court designed and graded for pool installation (pool available as upgrade)
- Auto court with paver detail at main entry and garage approach
- Covered front stoop with tiled floor
- Front yard sod with foundation shrubs and trees
- Front and rear irrigation system: 3 to 4 zones
- Exterior lighting: pre-wired positions at key architectural moments
- Pre-wired for up to 4 exterior security cameras

07 — INTERIOR FEATURES & FINISHES

Crafted for the Way You Live

The interior architecture of 15152 Hopewell Road is designed to move between the grand and the intimate with ease. Public spaces are scaled for entertaining and designed with details that communicate quality at every turn. Private spaces (the primary suite, the bedrooms, the bathrooms) are configured for comfort, privacy, and the rituals of daily life lived well.

Interior Architecture

- 10' ceilings on main level throughout
- 10' ceilings on upper level
- 10.5' ceilings in basement per grade conditions
- Coffered ceiling in Great Room
- Vaulted ceiling in Junior Primary Suite (upper level)
- Custom dining room wall paneling detail
- Built-in bookshelves flanking fireplace in Great Room
- Gas fireplace in Great Room, Primary Suite and Patio
- 8" baseboards on main level | 5" baseboards on upper level
- 8' interior doors throughout
- Wood stairs with iron balusters and wood handrails
- Elevator shaft framed for future installation (equipment not included)
- Engineered hardwood flooring: all main living areas, bedrooms, upper hall
- Tile flooring: all bathrooms and laundry room

Kitchen & Scullery

- Custom slim shaker cabinetry: 42" upper cabinets, soft-close doors and drawers
- Quartz countertops throughout kitchen and scullery
- Large kitchen island: Two 10' x 4' islands with pendant lighting above
- 48" professional range, dishwasher, custom vent hood
- Under-cabinet lighting throughout
- Scullery / butler's pantry: oven/microwave combo, second dishwasher, beverage cooler
- Kitchen backsplash — tile selection (\$12.00/SF allowance — buyer selection)
- Appliance allowance: \$35,000 toward kitchen and scullery appliance package
- Note: Refrigerator not included: buyer selection and purchase

Primary Bath & Secondary Bathrooms

- Primary bath: freestanding soaking tub, tiled walk-in shower, frameless glass enclosure
- Dual vanities in primary bath with quartz countertop
- All secondary baths: tiled showers with frameless glass enclosures
- Tile flooring in all bathrooms
- Primary bath tile allowance: \$3.00/SF
- Secondary bath tile allowance: \$2.00/SF
- Bathroom countertop allowance (installed): \$30.00/SF

Additional Interior Features

- Built-in closet systems — all bedrooms and dressing rooms
- Mudroom built-in bench and cabinetry — garage entry
- Ceiling fans — bedrooms, great room, office, loft/media room
- Pre-wired for whole-home security system
- High-efficiency water heater system
- EV charging outlet — Garage A
- 200 AMP electrical service with main distribution panel
- Low-voltage cable for A/V, networking — rough-in per plan
- Lighting fixture allowance: \$5,500 total (fixtures, recessed, fans, detectors, doorbell)

08 — POOL & OPTIONAL ENHANCEMENTS

Completing the Estate

15152 Hopewell Road has been designed from the ground up to accommodate a pool and spa as a seamless part of the estate composition. The pool court is graded and positioned at the plans; the pool bath is directly accessible from the rear yard. Adding the pool at contract — or at completion — is the single highest-impact enhancement available.

Pool Package (Optional)	\$ Included
Pool Specification	Gunite with PebbleTec finish — chlorine system
Pool Dimensions	Approximately 16' x 32'
Pool Depth	Approximately 4' with water jets
Spa	Integrated spa
Deck	Included
Additional Enhancements Available	
Gas Lanterns	One at front entry door
Water Purification System	Available: pricing upon request
Fencing & Estate Gate	Available: pricing upon request
Outdoor Kitchen	Included

09 — ALLOWANCE CREDITS

Your Selections, Your Home

The following allowances are included within the purchase price. The buyer works directly with Trio's design team to make selections within each category. Any upgrade exceeding an allowance will be documented as a change order — no surprises.

Tile — Primary Bath (floors & shower)	\$3.00 / SF
Tile — Secondary Baths (floors & shower)	\$2.00 / SF
Tile — Kitchen Backsplash	\$10.00 / SF
Countertops — Kitchen (installed)	\$50.00 / SF
Countertops — Bathrooms (installed)	\$30.00 / SF
Flooring — Engineered Hardwood	\$3.00 / SF
Flooring — Tile	\$3.00 / SF
Lighting (fixtures, recessed, fans, bulbs, detectors, doorbell)	\$10,500 total
Appliances — Kitchen & Scullery	\$35,000 total

Selections must be made by the decision deadline established at contract. Builder reserves the right to make selections per design intent if no response is received within the designated window.

10 — INVESTMENT

Pricing & Purchase Structure

15152 Hopewell Road is offered as a completed-construction purchase — meaning the buyer acquires a finished, Certificate-of-Occupancy-ready home at closing in May 2027. The pricing structure below reflects the project's position and the buyer's opportunity to purchase now with early selections.

List Price	\$5,449,000
Estimated Completion	May 2027
Current Status	Under Construction — Land Clearing
Pool Package (Optional)	\$Included
Price Per SF (Total Living Area)	\$558
Price Per SF (Grand Total)	\$431

Purchase Terms

- Contract deposit: 5% of purchase price (non-refundable, credited at closing)
- Balance due at closing upon Certificate of Occupancy estimated May 2027
- Buyer may make interior selections up to the selection deadline
- Change orders available and documented in writing prior to execution
- Buyer financing to be secured prior to closing

"An estate of this caliber, at this address, is a decade-defining purchase."

11 — CONSTRUCTION TIMELINE

On Schedule for May 2027

The project has full City of Milton permits in hand as of April 3, 2026. Construction is underway. The timeline below reflects the sequence from current status through delivery.

Permits Approved April 2026	All City of Milton permits issued across all departments — construction underway
Site Work & Foundation April – June 2026	Site cleared, graded, and prepared; foundation poured; framing commences
Structural Framing June – September 2026	Full structural framing of all three levels, roof system, and detached garage
Exterior Enclosure September – November 2026	Roof, windows, doors, and exterior cladding installed; building dried in
Mechanical, Electrical & Plumbing Rough-In November 2026 – January 2027	All MEP systems rough-in; insulation; drywall hang and finish
Interior Finishes January – April 2027	Flooring, cabinetry, millwork, tile, fixtures, and all interior selections installed
Completion & Delivery May 2027	Final inspections, Certificate of Occupancy, and home delivery to buyer

Timeline is an estimate. Subject to weather, material availability, and municipal inspection scheduling. All major permits are in hand.

12 — LOCATION

The City of Milton — Georgia's Premier Estate Address

The City of Milton is consistently ranked among the most desirable communities in the state of Georgia and for good reason. Incorporated in 2006 to protect the character of its equestrian, estate, and semi-rural residential fabric, Milton has successfully maintained the qualities that define its appeal: large lots, mature trees, architectural standards, top-ranked schools, and a civic culture that invests in long-term quality of life.

Hopewell Road is one of Milton's signature corridors a road that announces its neighborhood's ambitions through the architecture of the homes that line it. 15152 Hopewell is a fitting addition to this lineage.

Location Highlights

- City of Milton
- Some of Georgia's highest-rated districts
- Near proximity to Crabapple's retail and restaurant district
- Easy access to GA-400 corridor
- Equestrian-friendly neighborhood character
- Bell Memorial Park and recreational amenities within minutes
- < 60 minutes to Hartsfield-Jackson Atlanta International Airport
- Nearby golf, country clubs, and lifestyle amenities

13 — BUILDER STORY

Trio Luxury Homes — Built on Integrity

Trio Luxury Homes was founded with a singular mission: to build the homes that Milton's most discerning buyers deserve custom, architect-designed residences that reflect the character of their land, the aspirations of their owners, and the craft of the people who build them.

Every project Trio undertakes is approached with the same discipline: rigorous site analysis, collaboration with recognized architectural talent, transparent pricing, and a construction process that keeps the buyer informed at every stage. The builder's margin is kept intentionally low because Trio's reputation is built on completed homes, not inflated contracts.

15152 Hopewell Road is a demonstration of that philosophy: a fully permitted, fully engineered, architect-drawn estate home under construction today, ready for delivery May 2027.

14 — NEXT STEPS

Begin the Conversation

Purchasing 15152 Hopewell Road is a straightforward process designed to protect the buyer while delivering certainty and momentum. Here is how it works:

01	Schedule a private site visit to walk the home as it stands today
02	Execute a purchase contract and remit the contract deposit
03	Meet with Trio's design team to finalize interior selections within your allowances
04	Receive monthly construction updates — photos, walkthroughs, and milestones
05	Close upon Certificate of Occupancy — May 2027

"Your family deserves a home built to this standard. Let's make it happen."

15 — GENERAL TERMS

Terms & Disclosures

Trio Luxury Homes reserves the right to substitute appliances, components, equipment, materials, and brands with items of equal or greater value. Variations in color and size may occur. Options and upgrades are available at additional cost and are subject to construction cut-off dates. All upgrades are non-refundable once executed.

Pricing is subject to change prior to contract execution. Final pricing may vary based on site conditions and buyer selections. This document is prepared for informational and marketing purposes only and does not constitute a binding purchase agreement. All terms are subject to a fully executed purchase contract.

Area figures are approximate and based on permitted architectural drawings prepared by Goodman Design, Inc. Buyer is encouraged to independently verify all square footage figures prior to closing. Lot dimensions and legal descriptions are per recorded plat and survey prepared by Four Corners Surveying.

Estimated completion of May 2027 is subject to construction progress, material availability, weather, and municipal inspection scheduling. No warranty as to a specific completion date is expressed or implied.
